## About the Authors

**Bali Ranaivo-Malançon** is an Associate Professor at the Faculty of Computer Science and Information Technology, Universiti Malaysia Sarawak. Bali was born in Madagascar. After completing a PhD in Natural Language Processing at the National Institute for Oriental Languages and Civilizations (INALCO, Paris, France) in 2001, she started working in Malaysia. Her first appointment as a lecturer was at the Universiti Sains Malaysia (Penang), then at the Multimedia University (Cyberjaya). Her research interests are geared towards the development of linguistic resources, text mining, and processing of historical documents.

**Suhaila Saeed** is a lecturer at the Faculty of Computer Science and Information Technology, University Malaysia Sarawak. She obtained a Bachelor of Computer Science in 2001 and Master of Computer Science in 2002 from the Universiti Putra Malaysia. She later joined MIMOS Berhad as a contract researcher from 2002 until 2005. In 2005, she moved to UNIMAS to serve as a young lecturer until present. As continuity of her working experiences obtained from MIMOS, her research interests are computational morphology, Natural Language Processing as well as digitizing and preserving under-resourced languages.

## Acknowledgments

The authors thank Dr Lim Lian Tze for the assistance given in creating the LaTeX template for this set of slides.
